What: /sys/kernel/mm/hugepages/

Date: June 2008

Contact: Nishanth Aravamudan <nacc@us.ibm.com>, hugetlb maintainers

Description:

/sys/kernel/mm/hugepages/ contains a number of subdirectories of the form hugepages-<size>kB, where <size> is the page size of the hugepages supported by the kernel/CPU combination.

Under these directories are a number of files:

- nr_hugepages
- nr_overcommit_hugepages
- free_hugepages
- surplus_hugepages
- resv_hugepages

See Documentation/vm/hugetlbpage.txt for details.
