

mcu-mpc8349emitx.txt

Freescall MPC8349E-mITX-compatible Power Management Micro Controller Unit (MCU)

Required properties:

- compatible : "fsl,<mcu-chip>-<board>", "fsl,mcu-mpc8349emitx".
- reg : should specify I2C address (0x0a).
- #gpio-cells : should be 2.
- gpio-controller : should be present.

Example:

```
mcu@0a {  
    #gpio-cells = <2>;  
    compatible = "fsl,mc9s08qg8-mpc8349emitx",  
                "fsl,mcu-mpc8349emitx";  
    reg = <0x0a>;  
    gpio-controller;  
};
```
