

o2cb..txt

What: /sys/fs/o2cb/ (was /sys/o2cb)

Date: Dec 2005

KernelVersion: 2.6.16

Contact: ocfs2-devel@oss.oracle.com

Description: Ocfs2-tools looks at 'interface-revision' for versioning information. Each logmask/ file controls a set of debug prints and can be written into with the strings "allow", "deny", or "off". Reading the file returns the current state.

Users: ocfs2-tools. It's sufficient to mail proposed changes to ocfs2-devel@oss.oracle.com.
